12 BASIC RULES OF FOOTGOLF

1. Kick off your ball from behind the tee markers.
2. Wait to play until the ball has completely come to rest.
3. The ball must be played in a single movement. You are not allowed to push the ball with the top or bottom of your foot. Your foot should be set separate from the ball, clearly behind, before each kick.
4. Wait to play until the ball has completely come to rest.
5. Play the ball from where it lies: You are not allowed to move the ball or remove jammed objects. Exception: You may mark the spot and lift the ball when it may obstruct the other player's kick or ball in any way.
6. If the ball lands in a water hazard, retrieve or replace it within 2 steps from the closest land point from where the ball entered the hazard (annotated by red line or red stake), receiving a one stroke penalty or you can place the ball at the position of the previous kick and receive one stroke penalty.
7. Please be respectful and courteous to fellow footgolfers and golfers.
8. A ball may be temporarily moved (marked) if in direct line of another player's intended kick.
9. If the ball enters a sand bunker, play continues as normal but please rake the sand smooth when you exit the bunker.
10. Do not kick a ball if it finishes on a traditional golf green. You may drop the ball off the green no closer to the hole. No strokes added for the drop.
11. Players are expected to let faster golf or footgolf groups play through (pass them) prior to the next tee shot.
12. The order of play is established based on the score of the previous hole. The player with the best score will kick off first on the next hole followed by the second, etc.
